Providing extra assistance to children with special need

EDUCATION

Avado

Data Analyst (Advanced) Skills Bootcamp

October 2022 - December 2022

Data Analysis | Forecasting | SQL | Agile
Jira| Git| Python | AI and Machine Learning
Power Query | Cloud Computing

Code First Girls (Software Engineer)

May 2022 - June 2022

APIs and microservices | Data structures and libraries
Object-oriented programming | Recursion programming
and linked lists | Debugging and algorithm design

Code First Girls (Data Analyst)

September 2022 – November 2022

SQL syntax, queries, and logic operators

APIs and integrations | Analytical libraries
(Pandas, NumPy, Matplotlib)

Scientific data processes & machine learning

Predictive modeling and algorithms

IBM Cognitive Class (Data Science Orientation)

August 2022

Artificial Intelligence | Critical Reading | Critical Listening

Data Science | Machine Learning

Bukhara State University

(Linguistics and English language)

September 2010 – August 2014

Morphology and Syntax | Phonetics and Phonology |

Language of Turn and Sequence | Linguistics as Data Science |

Psycholinguistics: Language Processing
